Anti-Scald Protection

New Millennium tub and shower faucets are pressure balanced for anti-scald protection. This ensures that water stays within a safe temperature range (+/- 3° F or 1.5° C), complying with standard ASSE 1016 and local building code requirements.

CARE AND CLEANING:

Care should be given to the cleaning of this product. While its finish is extremely durable, it can be damaged by harsh abrasives or polish. To clean, simply wipe gently with a damp cloth and blot dry with a soft towel.

NOTE: Dimensions may vary +/-1/8" and are subject to change or cancellation.

Primary dimensions are provided in Imperial measurements, transposition to millimeters is the sole responsibility of the installer.

Dimensions for Location of Supply are Suggested.

New Millennium assumes no responsibility or liability for local or state regulations which deviate from national standards. It shall be the responsibility of the installer to comply with local codes and standards prior to installation of any New Millennium product.
